PRINCE2 **AGILE**™ **Practitioner**

PRINCE2 Agile®
Practitioner Certificate
in Agile Project Management

This course provides delegates with a thorough understanding of the PRINCE2® Agile guidance, and is aligned to the current version of PRINCE2. During the course we introduce the basic concepts of common agile ways of working, discuss the purpose and context for combining PRINCE2 and the agile way of working, evaluate the focus areas to a project in an agile context, fix and flex the six aspects of a project in an agile context, and be able to apply or tailor the PRINCE2 principles, themes, processes and management products to a project in an agile context.
All relevant course materials are provided, including the official publication 'PRINCE2 Agile'.
